

Maynooth Municipal District - Sep 2015

MY14/1509

Cycle Lanes Kingsbry and Rathcoffey Road Maynooth

The members considered the following motion in the name of Councillor Murray:

That the cycle lanes on the Straffan Road from the Maxol Garage to Kingsbry and those on the Rathcoffey Road have surface repairs carried out.

A report was received from the Roads Transportation and Public Safety Department informing the members that the Municipal District Office has no plans to construct cycle lanes on the Rathcoffey road from Castle Dawson to Bond Bridge and is satisfied with the current condition of the cycle lanes in front of Castle Dawson. The Office intends to go to tender in late September to overlay the cycle lanes between the Maxol garage and Meadowbrook. This project also entails the setting back of the “in” and “out” bus stops along this section so that the cycle lanes are not impeded by the bus pull-ins. This will necessitate the stepping-in of the boundary walls into the green space in Kingsbury and Straffan Way. This work is being funded by the National Transport Authority (NTA).

Resolved that the report be noted.
